Master Builders of South Florida Receives U.S. Citizenship and Immigration Services Contract

FT. LAUDERDALE - June 28, 2007 - Master Builders of South Florida, one of the fastest growing Construction Management firms in the Southeast, has been awarded multiple contracts as Construction Manager and Owner's Agent for four new United States Citizenship and Immigration Services buildings. The structures, located in Broward, Kendall, Hialeah and Central Miami are due for simultaneous delivery on July 1, 2008. The total project is valued at \$120 million.

"We want to thank South Florida Federal Partners, LLC for their trust in awarding MBSF this significant portion of an important project for the Department of Homeland Security which is under the construction administration of the General Services Administration. We're delighted that they have such confidence in us," said MBSF President and CEO Jonathan Snyder. "We believe it's another example of the growing prominence of Master Builders of South Florida for us to be selected to help create the new face of U.S. Citizenship and Immigration Services in the region." He added that a potential fifth location is on the horizon, as well.

MBSF offers construction management, general contractor, and design-build services, and has built a notable variety of projects throughout Florida, including retail, commercial, residential and institutional projects.

###

Master Builders of South Florida has been a leader in the construction industry for over 35 years. MBSF's residential operations specialize in luxury, gated TownHome communities, and their commercial operations are responsible for some of the area's most successful office buildings and shopping centers.
